Subject: Status of certificate with regard to Protected Deemed employees under ATD 2022.

Sir/Madam

Please refer to the letter of NVS HQrs 2-1/2022(ATD)-NVS(Estt.II)/Gen./10961 dated 23.02.2022 for raising online vacancy on transfer portal for ATD 2022. It is to mention that filling up of vacancy by the Principals and further scrutiny by concerned ROs, have been accomplished. The compiled data of vacancy is under scrutiny at admin (HQrs) and super admin (Agency) level with specific attention to the **“Protected Deemed”** status of employee. In this context following is informed:

1. General scrutiny of the relevant certificates has been done with regard to various parameters such as format / validity of priority and necessary details of parameters / date of detection of disease (serious ailment) / date of issue / signature/countersignature of the competent authority.
2. To verify its authenticity, the claim of status of Protected Deemed has been mapped with the available database at NVS Headquarters in order to decide its veracity and discrepancies.
3. The certificates which were found correct in respect of required parameters have been treated as acceptable for claim of status of Protected Deemed.
4. Based on the general scrutiny, the certificates which do not conform to the prescribed parameters, have been compiled under two broad categories:
 - a. **Doubtful:** The certificate which are treated incomplete with regard to minor discrepancies.
 - b. **Rejected:** The certificate which are incomplete with regard to some major parameters/facts/discrepancies.
5. The appended list consists of Protected Deemed vacancies against which certificates have been found to be in Doubtful or Rejected status. Proper reason has also been marked against each of the cases with respect to parameters, the certificates lacked in or needed further confirmation.

The above table confirms the casual attention of the concerned **Principals/OS/officials** while doing scrutiny of the certificates with regard to various parameters like date of issue, status of organization, nature of job, format type, validity of the disease, comparison of the certificate of the

same employee with previous years certificate submitted by the same employee. It also reflects about the indifferent attitude of the concerned officers/officials at RO level while doing further scrutiny at next level.

The above list is placed in the public domain for information to all concerned employees who submitted the certificate and the officials in administrative hierarchy who did the scrutiny of the certificates. As per approval accorded by the competent authority, the concerned employee is given an opportunity to resubmit their certificates with corrected parameters. The correct certificate, after scrutiny at the level of Principal and RO should reach to NVS Headquarters latest by 4.00 pm of 18.04.2022 on nvsemployeeportal@gmail.com. The report from RO must contain specific remarks of approval / rejection (with reason) for finalization of the status of **“Protected Deemed”** of aforementioned officials on the transfer portal under ATD 2022. The concerned employee should be informed immediately by the Principal / RO, if the updated (resubmitted) certificate is found unacceptable at the label of Principal and RO. If no updating is claimed at NVS HQrs with regard to above cases by the scheduled date and time, the status of such protected deemed vacancy will be declared as Deemed vacancy (wherever applicable).

It is to note that the status of any priority certificate is provisional with regard to its acceptance and use in transfer process. At any point of time at a later stage, if a certificate is detected inappropriate (in respect of any parameter), will be rejected and the concerned employee / official will attract administrative/disciplinary proceedings.

This issues with approval of the competent authority.

Yours faithfully

[Vikram Joshi]

Deputy Commissioner [Pers.]
